

Silicon Carbide Mesh Sanding Disc Ø406MM

Product details

Product description

Agera® Proline Floor Mesh Sanding Discs feature 100% silicon carbide grain bonded to an inter-woven polyester knit backing to provide increased durability and life. Full resin bond provides excellent grain retention. The Agera® Proline Floor Sanding Screen represents superior performing products for the user who requires a high level of productivity and low total abrasive cost.

Product information

Product Code	SC-MN
Grain	Silicon Carbide
Bonding	Resin over resin
Backing	Polyester knit
Coating	Open
Grit range	60 - 320

Storage

Store in its original box on "first-in - first-out" cycle. Note: The shelf life may be shortened if the original packaging is not properly sealed or stored in an environment with high temperatures or humidity.

16 °C / 26 °C

35 - 50 %
