

## Proline Prof Backing Pad Delta SDH 100x150MM + 9H

### Product details

### Product description

Agera® | Proline Prof backing pads are used as an attachment that secures sanding delta and other accessories on power tools. It goes beneath the sanding delta to provide adequate cushioning for the highest performance. Backing pads also help ensure the delta's entire surface area is available for the project, which provides the most even finish.
