

Proline Prof Disc Multihole Prof Ø225MM Velcro C/A Blue

Product details

Product description

With our new developed formula Ceramix Plus, we have a product specifically for drywall sanding that allows 30% faster sanding. We have developed a special Ceramic mix suitable for a wide range of applications of different materials and surfaces. Thanks to the special coating, the disc does not fill up and lasts twice as long. Ceramix Plus optimizes the cost of sanding and allows you to work more efficiently. Our Multihole discs are suitable for all long-neck sanders on the market today. Thanks to the Multihole perforation we offer dust-free sanding, resulting in a pleasant working environment and an excellent end result. We design to perform!

Product information

| | |
|---------------------|------------------|
| Product Code | CP-PC |
| Grain | Ceramix Plus |
| Bonding | Resin over resin |
| Backing | C-weight paper |
| Coating | Closed |
| Grit range | 80+ - 180+ |

Storage

Store in its original box on "first-in - first-out" cycle. Note: The shelf life may be shortened if the original packaging is not properly sealed or stored in an environment with high temperatures or humidity.

16 °C / 26 °C

35 - 50 %
