

Proline Prof Sanding Sponge 100x120x12MM

Product details

Product description

Agera® | Proline Prof Sanding Sponges are highly flexible to provide uniform finish on curves and contours. Sanding sponges can be used for fine sanding between layers of paint or varnish and are ideal for preparing freshly coated wood or metal surfaces in advance to the next layer. The sanding sponges are recommended for flat sanding or slightly contoured surfaces and fits comfortably in the palm of your hand. They are easy to use and perfect for dry or wet sanding.
